Federal and State income taxes have always recognized the heavy responsibility of the family man. The Goodwyn Tax makes no allowance for the many obligations he has to meet.

Under the Goodwyn Tax scheme, the family man with a wife and six children would pay the same tax as a single man, even though he has to put out big sums for medical expenses and dental bills.

Retired workers, struggling to make ends meet on a small pension from employers, would be taxed, too. And working women, even though they have several children to support. Our churches will be hard hit because no church contributions can be deducted.

#### TO THE VOTERS OF ALABAMA

The Municipal Officials of Cullman, Hanceville, Garden City, and Holly Pond, the Judge of Probate and the County Commissioners of Cullman County, together with a host of other citizens are appealing to the voters of the State to help them defeat Amendment 23 in the State Election on Tuesday, December 6th, 1955.

These officials and citizens feel that this amendment will drive away new industry that might want to settle here. — Cullman aiready has a 361/2 mill tax and to pass this amendment would put an additional 20-mill tax on the property owners. This would be a great burden for the taxpayers to bear.

Also objectionable is the fact this amendment would not allow a vote of the local citizens, and it would place much power in the hands of a few.
